As always keep in mind that when you sign-up for a sport, and are registered to attend a state competition, Area 34 is charged a fee. If you decide to quit or not attend the state competition, Area 34 is still charged. Athletes who do this are subject to suspension from further state competitions.

In order to select which athletes will be eligible for state competition, each coach will be given a **Selection Criteria Sheet**. This sheet will list the necessary criteria that an athlete must follow in order to be selected. Check with your coach so that he or she may explain the criteria. Also, please note that each athlete will be responsible for signing an **Athlete Code of Conduct** upon beginning training for their selected sport. Finally, remember that you are responsible for arranging your own transportation to and from practices, and that it is mandatory that you be picked up on time from events. Failure to do so may result in being suspended or dismissed from Area 34 Special Olympics.
