

Polar Plunge Online Registration How-To Guide

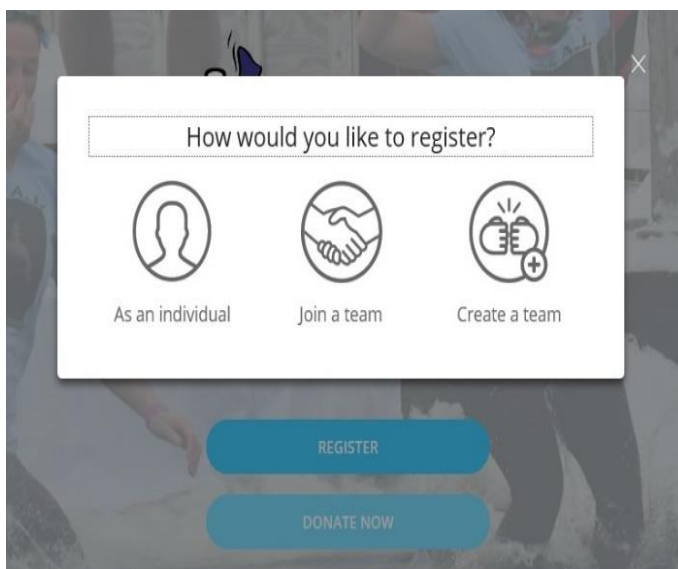

Online registration and fundraising for the Polar Plunge event is powered by Classy.org. We want the process to be as simple for you as possible so we've compiled a registration guide, plus answers to some of your frequently asked questions below.

Getting Started

In order to register, please visit www.plungemi.com. This page lists all 30 Polar Plunge locations across the state. Click on the link of the Polar Plunge you would like to participate in.

After you click “REGISTER” you will need to choose from 3 registration options – register as an individual, join an existing team, or create a new team that others will join with you. NOTE: If you have a team participating together, please know that we do still need each team member to register.

Once you select a registration type, you will be given a bit more information about your registration, and the website will take you through a quick and simple registration process. You'll answer a series of questions, providing us with important information that we need to collect from each of our Plungers.

The final step in the registration process is providing payment information – before you do so, the website will give you an opportunity to kick start your fundraising efforts by adding a donation on top of your registration fee. This is a great way to build momentum as you begin working toward your fundraising goal. NOTE: If you are not interested in this option, simply click the “SKIP” button and you will proceed to check out.

When you go on to edit your fundraising page, you will see prompts to tailor your page. Use the tabs – Overview, Story, Donations, Emails, Details – to make any changes that you wish. You can add a photo, update your fundraising goal, edit the default messaging, etc. Once you are happy with your page, you can go ahead and send it out to friends and family. You can use Facebook and link buttons on the right-hand side. The Facebook icon will allow you to post directly to your account with those sites, while the link icon will provide you with a URL to copy and paste wherever you like – email, social media, etc.
